IRELAND'S CAUSE PRESENTED BY DISTINGUISHED SPEAKERS

Audience Taxes Capacity of Turner Hall; Overflow Meeting Necessary

MISS WALSH WAS IMPRESSIVE

Speaking to an audience which more than taxed the capacity of Turner Hall. Friday evening, Donal O'Callaghan, Lord Mayor of Cork, described to his hearers conditions which exist in Ireland today, as well as present reasons why the United States should recognize the existence of the Irish Republic. The distinguished visitor spoke to a sympathetic audience, and his arguments presented a strong case for the Irish people, whom he says are today fighting for their freedom from English rule.

Lord Mayor O'Callaghon arrived in Charleroi at 2:15 o'clock from Pittsburga, by auto, in company with J. Linus Moran, president of the Pittsburgh Assembly, his physician having him under treatment during the day for throat trouble. Miss Susanne and Anna Walsh arrived in Charleroi, accompanied by several members of the local reception committee, on the 3 o'clock train and were taken to the Hotel Charleroi, where they were entertained during the afternoon and evening.

The meeting was called for 7.30 o'clock, and long before that time the capacity of the hall was packed with those anxious to hear the cause of Ireland presented by the visitors. C. P. Byrne, as chairman of the reception committee, introduced Burgess Wodward, who made the address of welcome, after which Col. Jos. Thompson was introduced as the presiding officer of the evening. After a short address Col. Thompson introduced the Lord Mayor, who portrayed the conditions in Ireland as they now exist. He said that in Ireland a terrible unequal war is being waged today, but that it is not the fault of the Irish people that this war is being waged. He spoke of the city of Cork and the death of Lord Mayor McCurtin and Lord Mayor MacSweeney, as well as referring to other features in connection with the Irish conditions, and with which American people are not familiar.

Following the Lord Mayor Miss Anne Walsh gave a more dramatic description of events in Ireland, in some of which she was a spectator. Her story of the death of Lord Mayor McCurtin, her brother-in-law, who was shot in his own home, brought tears to the eyes of many of her hearers, and brought home to them some of the sad incidents which overwhelm the people of that unhappy land.

An overflow meeting was addressed by J. Linus Moran from the balcony of the Moose Hall, and after Lord Mayor O'Callaghan had finished speaking in the hall he also spoke to those on the outside from the balcony of the same building.

During the meeting in the hall the program was interspersed with vocal selections by Mrs. Geo. Clark, while Miss Mary Butler gave a feature dance.

After the meeting Lord Mayor O'Callaghan left for Pittsburgh and boarded a train for the East as he speaks in Scranton this evening.

The meeting and demonstration is conceded to have been one of the most impressive ever held in the valley under the auspices of the Association for the Recognition of the Irish Republic.

VALUABLE CANINE ARRIVES IN CHARLEROI

Officer Murphy received a thoroughbred Airdale dog from the Dr. Edwards Kennels on Wednesday. As Officer Murphy had no convenient place to keep the animal he bestowed the honors upon Dispatcher Vetters of the Pittsburgh Railways Company. Officer Murphy has been expecting this dog for some time but only received it this week. Quite a few of the officers friends are congratulating him upon receiving such a fine present.

P. H. C.'S HOLD A "JITNEY SOCIAL"

Last evening's meeting of the Charleroi Circle, No. 303, P. H. C., was not lacking in the usual interest which pertains to gatherings of this kind. The attendance was good, and all appeared to enjoy the usual routine of lodge work. The meeting was featured by a "Jitney Social" under direction of members of the social committee, and it was very much enjoyed. Games were indulged in until the arrival of Silbaugh's orchestra, which furnished music for the square dancing.

Mrs. Mary Schubert, local deputy, announced a fraternal visit to Monessen Circle, next Monday evening, for the purpose of reviving that Council on that side of the river, which has been on the decline for some time. The party will leave Charleroi on the 7:30 car, and it is expected the Charleroi visitors will inject some "pep" into the Monessen Circle. A real live program will be arranged for the visit and other features promise to make the event one worth while.

SLOAN-MILLER CASE NOT ENDED FRIDAY

The suit of Tom P. Sloan against Charles Miller of Beallsville, to recover commission on a coal sale, was taken up in court at Washington on Friday before Judge James I. Brownson. The entire day was taken up in hearing witnesses for the plaintiff, and it is expected the defendant will finish his side today. The jury may render a verdict this afternoon.

Committee Considers Parks and Recreational Centers

The Parks and Playgrounds committee met last evening in the Chamber of Commerce room, and made plans for some far reaching recreational features of this community. The entire committee composed of Prof. I. T. Daniel, Harry Geho, Henry L. Swickey, Miss Minnie B. Richardson, and J. R. Carroll were present. Mr. Carroll was appointed permanent secretary for the committee. The committee was subdivided and each assigned some definite task to report at the next meting, which will be held on Friday evening, March 25th.

At least ten vacant lots and open spaces are under consideration for playgrounds. There was a great deal of discussion as to whether there should be one large playground or a number of smaller ones scattered over the city. It was generally agred upon that one or two sites at least ought to be purchased and made permanent so that additional equipment could be added each year.

Prof. Daniel, chairman of the committee was very much in favor of the public schools becoming more and more recreational centers, and that the schools cooperate as a part of a community recreational scheme. It was said that if proper supervision could be provided for, the paraphernalia of the public school might be made available during the months of July and August. The equipment of a small playground could be financed for about four hundred dollars. A committee was appointed to get in touch with the city council and the school board. It was thought that each might help in this recreational program.

The churches and lodges will also be asked to help, and the plans will be laid before the ministerial associatory of the city asking them to make announcement from their pulpits especially in regard to playgrounds, and that a Sunday might be set aside just preceeding the opening of the playground season when the ministers, priests and rabbi of the city would be asked to preach a sermon upon the moral and psychological value of play.

Mr. Swickey thought that unless Daylight Saving was secured, twilight base ball would be an impossibility. It was thought that neither a church league as such nor an industrial league as such would be the best kind of a league to have in Charleroi, but rather that a number of teams possibly four or six almost equally matched might be selected from the community as a whole and that from these a representative team might be chosen to represent Charleroi in the Monongahela Valley League.

A public meeting will be held in Turner Hall in behalf of the latter league on Sunday afternoon at three o'clock. This meeting has been called by Ralph Davis, sporting editor of the Pittsburgh Press.

Band concerts were also considered by the committee, and it was thought that something might be done to have these concerts which might be held either near the Pennsylvania depot or in front of the Douglass Business College.

Picnic grounds were carefully considered, and arrangements will be made to put the picnic grounds in good condition for the coming summer and the Chamber of Commerce may be asked to launch a big fourth of July celebration. A committee was appointed who will investigate the possibilities of an all year around swimming pool.

TEMPLARS' TOURNOI WAS A MOST SUCCESSFUL EVENT

Fine Musical Program Preceded Usual Festivities of the Evening

ATTENDANCE WAS VERY LARGE

The Tournoi and Reception given at the Elk's Club last evening by McKean Commandery, No. 80, K. T., was one of the most successful affairs ever given in Charleroi by the Knights, and was largely attended. The rooms were beautifully decorated for the occasion, palms being used in profusion, while emblems of the order were placed in conspicious places throughout the rooms. Adding a touch of color to the occasion were the uniforms of the Templars which with the beautiful gowns of their ladies, made a picture both beautiful and impressive.

A feature of the evening was the musical program given from 8:30 to 9:30 p. m., with Mr. Jean DeBacker, violinist; Mrs. Martha Vincent Gerber, soporano; Miss Bethel Bowman, accompanisst, and Miss Frances Heinz child reader. Jenkins' orchestra gave the opening number, following which Mrs. Martha Vincent Gerber gave a group of songs, followed by little Miss Heinz in a reading. Mr. DeBacker gave two numbers on the violin, and the progam closed with another group of songs by Mrs. Gerber. Mr. DeBacker accompanied with a violin obligato on the last number.

At 9:30 Commander S. D. R. Hill, with Miss Jean Eagye, led the grand march. Following the Commander came the other officers of the Commandery, these in turn followed by past Commanders, the members and visitors in order. At the conclusion of the grand march lunch was served, which dancing was the order of exercises until the close of the reception.

The committee in charge of the Tournoi was composed of Carl M. W. Stech, George Leith, James Stev-Wertz, Charles S. McKean, Joseph enson, Thomas R. Eagye, George W. Scott, Lyman E. Clark, Samuel C. Simcox, Jr., and Roy I. Carson.

INCREASE OF STUDENT TEACHERS PREDICTED

An increase of student teachers in Southwestern State Normal School at California, was predicted by Prof. J. H. Entz, the principal, at the annual alumni banquet at Hotel Chatham, Pittsburgh, Friday evening. The reason given was the promise of better wages for teachers in both country and city schools, which invites the young of both sexes to take up teaching as a profession. J. E. Masters was one of the speakers at the banquet.

NOT ARRESTED FOR RECKLESS DRIVING

Raymond Sphar, whose auto knocked down and fatally injured a little girl at South Seventeenth and Carson streets in Pittsburgh on Tuesday last, says that he was not arrested for reckless driving. In fact he says he was not arrested at all. After the accident, he reported at the police station, but the officers there said they had no charge against him. A call by phone was then made on the Coroner's office and that official told Mr. Sphar to report there, where bail in $2,000 was arranged for him to report when an inquest is held. When summoned Mr. Sphar will go to Pittsburgh to attend the hearing. Witnesses say that no blame attaches to him for he accident, as his car was moving very slowly, and that the little girl, who was with a number of others, dashed out from behind a truck and was hit by the Sphar machine.

LOSE CONTESTS BY VERY SLIGHT MARGIN

Emmitt Lee of Lock Four, and Consonery, of Charleroi, both amateur boxers, were in Greensburg on Thursday, where they appeared in a benefit for the Greensburg firemen and their friends. Lee contested in the semi-final with Hadley of Greensburgh, in a fast and interesting contest. The judges disagreed, and the referee gave the decision to Hadley much to the disappointment of Lee's friends, who declare the Lock Four boxer had the best of the argument.

Consonery, who took part in the main bout with Miller, a well known boxer of Pittsburgh, was outweighed twelve pounds, but in spite of this fact he put up such a splendid contest that he only lost the bout by a shade. Silver cups were awarded the winners.

COAL MINER'S TO FIGHT ANY WAGE REDUCTION

Union coal miners will resist any efforts to reduce their wages, John L. Lewis, International President of the United Mine Workers, declared on Friday. Lewis made the statement in connection with the national executive board now in session in Indianapolis in regard to the situation in the state of Washington, where operators closed their mines because the miners refused to accept a wage cut. Miners take the stand that the proposed cut is in violation of the wage agreement now in force, and which does not expire until March 31, 1922.

ENCOURAGING BABIES.

Children have not gone out of fashion, fortunately for the world, even though some apartment house landlords and other people seem to be under that impression. Children are still coming to such extent that it even pays to provide for their housing. Several city apartment houses have advertised recently that they would rent to families with children, and now the owner of the Cappalapa apartments in Pittsburgh even announces that the first baby born in them will bring to its parents a month's rent free. Whether the unmarried and the childless will be admitted is not stated, but in any case they will win no free-rent prites.

"Why" asks the Springfield Republican, 'should there not be apartment houses constructed and maintained for people who wish to raise families and who do not wish to take up their residence in a suburban or a run-down city district? Is there any reason why the best appointed apartment blocks in the most desirable locations should be monuments to a vanishing birth rate? The model apartment house with such a purpose would have nurseries and play rooms; it would have a roof garden with swings and sand piles and fresh air and sunshine: it would have elevators that would accommodate baby carriages and down-stairs hall space to park them in: it would have nurses with whom for a consideration a mother might leave a youngster on necessary occasions. Perhaps it it would have sound-proof walls. And why shouldn't such an apartment pay?" Whether such developments be practicable except in the case of wealthy parents or not, there are very many lonely old people who bitterly regret that they did not have children and now inconsequence have no ties with the young.

DESIGNATE UNITS OF NATIONAL GUARD

Under the reorganization plans of the National Guard of Pennsylvania, the ThirteenthRegiment will be known as the 109th, and the old Tenth will be designated the 110th, the same number it bore in the world war. These two regiments will constitute the Fifty-fifth Infantry Brigade, and will be under the command of Gen. Richard Coulter, Jr., of Greensburg. The combined Third and Sixth Regiments will be known as the 111th, while the old Sixteenth will be designated as the 112th, the same number it bore in the world war. These regiments will constitute the Fifty-sixth Infantry Brigade, commanded by Gen. E. C. Shannon. They will be a part of the 28th Division.

LAST CHANCE FOR ALL DRAFT EVADERS

A last opportunity for selective service law evaders to escape broadcast publication of their names as deserters during the world war was given on Friday by Adjutant General Harris of the Regular Army. Persons who have reasons to believe that they will be charged with evading the draft but who will not actually do so the adjutant general announced, may escape the odium of being publicly branded as a deserter unjustly by communicating all the facts of the case to him without delay. The final check of the draft evaders is being completed now by former members of the draft board.

Bell Foiled Thieves.

Among records of stolen bells is that of one from Soissons in Burgundy, which Clothaire carried away. The bell objected to the act by gradually becoming dumb on the journey to Paris, where its voice was discovered gone. But its voice returned in such full force when the bell was sent home that its tone could be heard seven miles distant.

Three Cents a Bath.

The pet dogs of the gay Parisiennes supply a source of livelihood to many men in Paris. They are stationed along the Seine river, and do a good business bathing dogs for their owners. Milady sits on one of the park benches along the river while Fido is given a good bath and thoroughly dried—all for three cents.

952 Franklin Cars Shipped in February

Sales Keeping Up to High Level at Syracuse Factory.

Business for the month of February as reported by the Franklin Automobile company of Syracuse show that sales are keeping up to a high level. By February 15 the entire month's production had been sold, and to meet the overdemand the factory was called upon for 100 more cars than planned for. Shipments for the month totalled 952 cars, or within 35 cars of the best February in the company's history—this occurring last year. A new record would have been hung up this year but for the fact that February, 1921 had one less day than February, 1920.

Even with the Franklin factory working on a 40-car-per-day program, which is the present rate of production, it found itself unable to keep up with orders. During February the total number of orders received aggregated 1107, and even the 952-car output fell short of filling orders for February shipment by 155 cars. The manufacturing schedule for March calls for the production of 1031 cars.

CHARLEROI'S BUSY STORE

PAIGE

There is a world of significance in the fact that our new 6-66 models are being adopted by people who formerly operated only the most expensive American motor cars.

Almost invariably the choice has been made after comparative demonstrations.

We ask you to visit our Dealer and take a demonstration in any 6-66 model. Then, take a second demonstration in any other car —at any price—and compare the results.

Could any proposition be fairer or more sportsmanlike?

SPECIAL EASTER SHOWING

Appearing mostly in strap effects these trimmings are arranged on bodices of the jackets and on the skirts to simulate pleats. The suits, themselves, follow semi-tailored lines and the workmanship is of a quality which lifts them into the realm of finer fashions. Such suits may be worn at any hour of the day with certainty that they will be absolutely correct and extravagantly admired.

$34.75

Other new Easter Suits at $12.95, $19.75, $24.75, $29.75 and up to $95.00.

Ford

THE UNIVERSAL CAR

Motor With Comfort—In a Ford Sedan.

When you ride in a Ford Sedan or Coupe, you ride in comfort—weather holds no fear for you. A minute, and your car is transformed. Windows down, windshield open—the Ford Coupe or Sedan affords the coolness and breeziness of the open car. Windows up, windshield closed—and you are protected from rain, wind, sleet or snow.

And bear this in mind. The Ford Sedan costs you no more than the ordinary open car. In fact, the Ford Sedan costs you less to buy, war tax included, than any touring car manufactured in the United States, except, of course, the Ford. Compare the prices yourself.

Come in—let us show you the Ford Sedan or Coupe. Better get your order in now while prompt delivery is possible. And never forget the matchless "Ford After-Service" given Ford owners by Ford Dealers means the continuous use of your car.

Taxes we can Reduce

Over 150 Years Ago Benjamin Franklin said:

"Friends, the taxes are indeed very heavy, and if those aid by the Government were the only ones we had to pay, we might more easily discharge them; but we have many others, and much more grievous to some of us. We are taxed twice as much by our idleness, three times as much by our pride, and four times as much by our folly; and from these taxes the commissioners cannot ease or deliver us by allowing an abatement."

BUICK

Emblem of Satisfaction

MORE Buicks are in use today than any other automobile with one exception. There is just one reason—Buick fulfills its promises.

But do not decide on this evidence alone. Let us demonstrate with a beautiful new 1921 model. Experience for yourself the physical satisfaction in the comfort, roominess, beauty and refinements of these new models; the mental satisfaction in the absolute Buick dependability.

A nation-wide Authorized Buick Service is constantly alert to serve Buick owners.

Since January 1, regular equipment on all models includes Cord Tires
